

Notes of the meeting  
Citizen's Advisory Board  
3/12/13

Present: Arny & Cil Spahn, Kym Anderson.

There was no quorum so Kym related to the Spahns what she had been doing during the last month.

She has met with Sheriff Bohnyak & talked with him about the fact that there are no court cases being referred to local service orgs. Neither the Reparative Board, Clara Martin Center, or Safeline seem to be attached to the Orange Cunty Court at this time. The Sheriff is coordinating a breakfast with local stakeholders & our legislative delegation.

Dawn Fuller-Ball went to the Montpelier legislative day.

Kym will meet with Derek at the COSA training on the 15th-16th and by the 18th we will have 4 members trained.

Locally, there has been a grant accepted to set up a class about delinquency prevention for students. Deb Lary & Elijah Hawkes are proposed to lead the class.

DOC is reorganizing and plans to model itself around a treatment philosophy to add to the incarceration/probation model now in use.
