

TOWN OF RANDOLPH, VERMONT
Water & Wastewater Department

TO: Water & Wastewater Utility Billing Customers
FROM: Monique Sanders, Utility Billing Clerk
DATE: April 18, 2016
RE: Final Rate Increase

The final, of three (3), utility billing increases has been voted on and passed by the Selectboard. Water rates will remain the same, however effective July 1, 2016 Wastewater rates will be as follows:

Wastewater Connection Fee/Minimum (includes up to 5 HCF): \$70.00
Wastewater Usage above 5 HCF: \$12.50/per HCF

****A dripping faucet or fixture can waste three (3) gallons a day, a total of 1095 gallons a year****

A continuous leak from a drip this size, over a billing period, would waste water in the amount shown below.				
<u>Diameter of Steam</u>	<u>Gallons</u>	<u>HCF</u>	<u>Cost in Water</u>	<u>Cost in Wastewater</u>
1/4" drip	1,181,500	1,580	\$11,857	\$19,757
3/16" drip	666,000	890	\$6,682	\$11,132
1/8" drip	296,000	394	\$2,962	\$4,932
1/16" drip	74,000	98	\$742	\$1,232

WASTEWATER \$70 minimum \$12.50/per HCF over 5	WATER \$45 minimum \$7.50/per HCF over 5	COMBINED BILL

25	\$285.00	\$320.00	25	\$195.00		25	\$480.00	\$515.00

Handy Tips to Save Water

- Check your toilet for leaks.
- Take 5 minute showers.
- Run dishwasher when fully loaded.
- Only do full loads of wash.
