Allocation Requests Application Fees

- Existing connection\$50
- New connection\$100

Construction Permits Application Fees

- Major\$100
- Minor\$50

Hydrant Permit Application Fee

.....\$100

Miscellaneous Service Fees

- Construction inspection\$50 per visit
- Troubleshooting³ or other service call⁴
 - during working hourstime⁵ and materials with no charge for first ½ hour of time
 - during non-working hourstime⁶ (3-hour min. charge) and materials
- Curb stop opening/closing⁷\$25
- Frost plate (on meter) replacement\$75
- Meter reading⁷\$25

Access Fees

- Water\$2.65 per gpd
- Wastewater\$5.00 per gpd

Usage Rates

Water

- Min. billing (incl. 500 CF)\$45
- Usage over 500 CF\$7.50 per 100 CF

¹ If more than one category applies, the higher fee shall be required.

² If the appeal is decided in favor of the appellant, either in whole or in part, the fee is refunded.

³ This fee would be waived if, during the troubleshooting call, it is ascertained the problem is not the responsibility of the property owner.

⁴ An “other” service call is something other than what is covered in another category (i.e. meter reading) except as indicated in footnote #7 below.

⁵ Time is calculated to be the current average regular hourly rate of all union employees in the water and wastewater depts.

⁶ Time is calculated to be the current average overtime, weekend or holiday rate, as applicable, of all union employees in the water and wastewater depts.

⁷ This would be charged when the service is at the request of the property owner and done during working hours. If request is during non-working hours, the “troubleshooting or other service all during non-working hours” fee shall apply.
